Place of birth	Cazin, Bosnia and Herzegovina	Driving license	B

PROFILE	Experienced Mechanical Technician with a proven track record of success in Mechanical Maintenance and Web Development. I completed my education as a Mechanical Technician in Bosnia. Since 2016, all my professional experiences have revolved around machines, encompassing repair, maintenance, and more. Working with machines has always been my passion and expertise. Since 2022, I have been actively engaged in developing websites and web applications, both for personal projects and for clients. This transition into web development has allowed me to blend my technical skills with creative problem-solving, further expanding my professional repertoire.

EMPLOYMENT HISTORY

Jun 2015 — Jun 2017	Mechanic, Texline d.o.o	Bosnia, Cazin
	As a Mechanic at Texline d.o.o, I performed maintenance and repair work on various mechanical systems used in the textile industry.	
Jan 2018 — Dec 2018	Maintenance, Uljanik d.o.o	Croatia, Pula
	As part of the maintenance team at Uljanik d.o.o, I was involved in the upkeep of large tanker ships and car carriers. My primary responsibilities included sanding and painting the ship's structure.	
Apr 2019 — Dec 2020	Mechanic, ETI d.o.o	Slovenia, Zagorje ob Savi
	As a Mechanic at ETI d.o.o, I specialized in maintaining presses ranging from 10 to over 100 tons, used for manufacturing various components for electrical fuses.	
Dec 2020 — Present	Equipment Specialist, Sandoz/Novartis d.o.o	Slovenia, Ljubljana
	As an Equipment Specialist at Sandoz/Novartis, a global leader in the pharmaceutical industry, I specialize in maintaining and repairing equipment of packaging lines for medicines, from raw materials to final distribution to pharmacies. My role involves ensuring the smooth operation and efficiency of equipment that handles the packaging of tablets and nasal sprays. As a mechanic, I am responsible for conducting maintenance, troubleshooting issues, and optimizing equipment performance to meet stringent quality and production standards. I play a crucial part in ensuring the safe and timely delivery of pharmaceutical products to market.	
Nov 2023 — Present	Web Developer	Freelance
	As a Freelance Web Developer, alongside my full-time role, I specialize in creating responsive websites and web applications using JavaScript, HTML, CSS, and modern frameworks like React, Tailwind CSS, Bootstrap, and others. I offer a comprehensive range of IT services to clients, ensuring their digital presence meets modern standards and user expectations.	

EDUCATION

Oct 2010 — Jul 2015	Machine Technician, JU "I Srednja Škola" Cazin
Oct 2022 — Nov 2023	Front-end Javascript Developer, "ITAcademy" Sarajevo
